

Have you implemented a **Quality Improvement Project** in your area that would be valuable to spread house-wide?

The **Nursing Quality Council** is looking to support a unit driven project using the **Spread of Innovations Model** in order to share it with the entire hospital.

In order for your project to be considered, please submit the **Spreadability Score Card** and the Spread of Innovations **Pilot Project PowerPoint** Presentation with the project materials. Submission Instructions, the Score Card and the PowerPoint template can be found on the Nursing Quality SharePoint Site:
